

# Transfer Machines

Europa's Heat Fusion Machines represent the ultimate in technology for the application of all heat fusion transfers. A combination of high quality Design and Engineering ensure many years of trouble free operation.

The HF3000 and HF3500 have been developed to incorporate computer controlled electronics. A combination of stylish, compact design and sturdy reliability make them the ultimate machines for the application of heat fusion transfers onto T-Shirts, Sweatshirts, Poloshirts, Overalls and almost any garment for the promotional and workwear industry.

## HF 3000

Platen size 15cm x 15cm (6" x 6")  
Ideal for the application of small badge-size transfers.

Quick release, interchangeable base platens can be supplied to meet customers own specific requirements.

## HF 3500

Platen size 30cm x 30cm  
(12" x 12").

# Technical Specifications

## HF 3000

|                     |                      |
|---------------------|----------------------|
| Counter Space       | 30cm x 60cm          |
| Machine Dimensions  | L45cm W29cm H42cm    |
| Shipping Dimensions | L65cm W43cm H48cm    |
| Gross Weight        | 20Kgs                |
| Nett Weight         | 18Kgs                |
| Printing Area       | 15cm x 15cm (approx) |
| Wattage             | 600watts             |
| Voltage             | 220/240 volts @ 50Hz |
| Amperage Employed   | 10Amps               |
| Fuse Rating         | 5 Amps               |

## HF 3500

|                     |                      |
|---------------------|----------------------|
| Counter Space       | 51cm x 31cm          |
| Machine Dimensions  | L51cm W31cm H34cm    |
| Shipping Dimensions | L62cm W42cm H44cm    |
| Gross Weight        | 20Kgs                |
| Nett Weight         | 18Kgs                |
| Printing Area       | 30cm x 30cm (approx) |
| Wattage             | 600watts             |
| Voltage             | 220/240 volts @ 50Hz |
| Amperage Employed   | 10 Amps              |
| Fuse Rating         | 5 Amp                |

## ADVANTAGES

- 1 year return to base mechanical & electrical warranty.
- Easy access when loading item to be fused.
- Lifetime warranty on heating elements.
- Aerospace non stick PTFE coated heater blocks.
- Pure Silicone Sponge base platens, long life, easy clean.
- Full range of pressure adjustment.
- Mains supply power filters fitted standard, allows use regardless of quality of mains electricity supply. Also allows use in conjunction with external power generators.
- Packaged using fully re-cycleable materials to meet Environmental Regulations withinEEC.
- Full compliance with EMC (Electro Magnetic Compatibility) legislation. EEC Directive No. 89/336/EEC.
- Full compliance with The Supply Of Machinery (safety) Regulations 1992 & 1994. EEC Directive No. 89/392/EEC.
- Manufactured in the UK.

## EASY TO USE DIGITAL CONTROL MODULE

Computer controlled one-touch digital, fully automatic, countdown timer operation, with digital readout.

Computer controlled one-touch digital temperature control, with digital readout, accurate to +/- 3°C.

Extra Functions Menu, adding optional features for both safety and energy efficiency.

- Error proof operation, will not allow use of machine if attempted when set temperature has not yet been attained.
- Self Diagnostic fault finding indicators.
- Easy change/Self-contained.

AUTHORISED DISTRIBUTOR

Europa policy is one of continuous product development. The right is reserved to change specification of the machines and items illustrated and described in this leaflet at any time.
