

# Transfer Machines

Europa's Heat Fusion Machines represent the ultimate in technology for the application of all heat fusion transfers. A combination of high quality Design and Engineering ensure many years of trouble free operation.

The HF4900 & HF5500 have been engineered to the highest standards using a combination of computer controlled electronics and mechanical perfection. Their stylish, compact design and sturdy reliability make them the ultimate machines for the application of heat fusion transfers onto T-Shirts, Sweatshirts and almost any garment for the promotional industry.

## HF 4900

45cm x 40cm print area

## HF 5500

45cm x 50cm print area

Both the HF4900 & HF5500 possess our unique wrap-around base construction allowing made-up garments to be printed with a single garment thickness ensuring that collars etc. do not present problems when fusing, and also allowing for the transfer to be applied the correct way up, thereby eliminating positioning errors.

Full 11.5cm clearance from platen to machine body, allowing the garment to wrap around base construction.

# Technical Specifications

## HF 4900

## HF 5500

Counter Space	76cm x 43cm	76cm x 43cm
Machine Dimensions	L76cm H43cm W38cm	L76cm H43cm W38cm
Shipping Dimensions	L85cm W50cm H50cm	L85cm W50cm H50cm
Gross Weight	48Kgs	46Kgs
Nett Weight	46Kgs	44Kgs
Printing Area	40cm x 50cm (approx)	48cm x 48cm (approx)
Wattage	2300watts	2300watts
Voltage	220/240 volts @ 50Hz	220/240 volts @ 50Hz
Amperage Employed	10 Amps	10 Amps
Fuse Rating	10 Amps	10 Amps

### ADVANTAGES

- 1 year return to base mechanical & electrical warranty.
- Easy access when loading item to be fused.
- Lifetime warranty on heating elements.
- Aerospace non stick PTFE coated heater blocks.
- Pure Silicone Sponge base platens, long life, easy clean.
- Full range of pressure adjustment.
- Mains supply power filters fitted standard, allows use regardless of quality of mains electricity supply. Also allows use in conjunction with external power generators.
- Packaged using fully re-cycleable materials to meet Environmental Regulations withinEEC.
- Full compliance with EMC (Electro Magnetic Compatibility) legislation. EEC Directive No. 89/336/EEC.
- Full compliance with The Supply Of Machinery (safety) Regulations 1992 & 1994. EEC Directive No. 89/392/EEC.
- Manufactured in the UK.

### EASY TO USE DIGITAL CONTROL MODULE

Computer controlled one-touch digital, fully automatic, countdown timer operation, with digital readout.

Computer controlled one-touch digital temperature control, with digital readout, accurate to +/- 3°C.

Extra Functions Menu, adding optional features for both safety and energy efficiency.

- Error proof operation, will not allow use of machine if attempted when set temperature has not yet been attained.
- Self Diagnostic fault finding indicators.
- Easy change/Self-contained.

AUTHORISED DISTRIBUTOR

Europa policy is one of continuous product development. The right is reserved to change specification of the machines and items illustrated and described in this leaflet at any time.
